

Section III – Legal Authority

Background and Regulatory Requirements

The Statewide WDRs governing sanitary sewers specify that each agency must demonstrate, through sanitary sewer system use ordinances, service agreements, or other legally binding procedures, that it possesses sufficient legal authority to prevent illicit discharges, require proper construction, ensure access to facilities, limit discharges of FOG and debris, and enforce any violation of its ordinances.

Leucadia Wastewater District Actions

The District's Wastewater Sewer Ordinance No. 119 in concert with the District's Standard Spec establishes the legal authority necessary to:

- Prevent illicit discharges,
- Require that sewers and connection be properly designed and constructed,
- Ensure access for maintenance, inspection, or repairs for facilities owned by the Public Agency,
- Limit the discharge of fats, oils, and grease, and other debris that may cause blockages, and
- Enforce any violation of its sewer ordinances.
