Estimate of Total Reimbursement Amount Requested (Maximum of \$3,000): \$ _____

LEUCADIA WASTEWATER DISTRICT

SEWER SERVICE LATERAL REPAIR REIMBURSEMENT REQUEST

Page 2 of 5

Property Owner/Tenant/Agent Initials: _____

Property Owner/Tenant/Agent acknowledge and agree to the following:

1. The sewer service lateral (Sewer Lateral) is that part of the sewer pipeline that extends from the plumbing of a building to the Leucadia Wastewater District (District) Public Sewer System, which is generally located in a public street or public sewer easement. The Sewer Lateral includes the physical connection (saddle, wye, etc.) to the Public Sewer System. The applicant is responsible for the construction and maintenance, at the applicant's expense, of the building sewer and the Sewer Lateral.
2. The District is providing a public service to assist in the prevention of sewer spill overflows by participating in the Sewer Service Lateral Repair Reimbursement Program (Program) to allow reimbursement to private parties for Sewer Lateral repairs completed by a licensed plumber or contractor. This Program will enhance the performance of the entire Public Sewer System and prevent environmental damage, while assisting District customers to meet their sewer obligations. **District will provide reimbursement for up to ½ of the repair costs, up to a maximum of \$3,000.**
3. To qualify for reimbursement, the work must be performed by a licensed plumber or contractor and verified by District staff using page 4 of this request within 60 days of submittal. An on-site verification must be scheduled by Applicant with District Staff to occur while work is in progress. The District is not inspecting the design or quality of the work and is not liable for defects. The District makes no guarantees regarding the quality of the work of the plumber, contractor or property owner.
4. Applicant will obtain any necessary Federal, State or local permits including any building or right of way permits, and will comply with all Federal, State or local laws.
5. Applicant will maintain Sewer Lateral and building sewer lines in proper working order at all times. Applicant will notify the District if any emergency occurs during Sewer Lateral repair work.
6. Applicant shall bear the entire repair costs of any and all public or public utility property damaged or destroyed by reason of any Sewer Lateral repair work done.
7. Reimbursement of funds is available on a first come, first serve basis, and Applicant will only receive reimbursement if funds are available, regardless of whether the work qualifies for such reimbursement.
8. Disbursement of the funds, to the extent that they are available, is solely at the discretion of the General Manager, who shall consider the spirit and intent of the Program as expressed by the District Board. The General Manager shall determine whether the Sewer Lateral repair work qualifies for reimbursement under the Program, and that determination is final and binding.
9. Applicant agrees to be solely responsible for the Sewer Lateral repair work for which funding is requested and to indemnify and hold the District harmless from any damages or claims arising from the work.
